

Deanne's Dance Studio

Fall Registration 2011-2012 - Classes begin Saturday, September 17th

CLASS ASSIGNMENT

Once we have received your registration forms we:

- Place each student, individually, into classes according to age, grade, experience level, proficiency, teacher evaluations, and other techniques they are taking.
- Look at the students' school dismissal times, religious education, and high school dance team time constraints.
 - Set your schedule according to your conflicts.

WHY WE DO NOT PRESET A SCHEDULE FOR 1ST – 12TH GRADE

- This would make scheduling less time consuming for us!! However, the time we would save is not worth compromising the students'/classes' success that is achieved when all students are at the same level from the start.
- As students get older, parents and dancers are able to customize their dance program, choosing from **10 techniques**.
- Students of the same age and experience can vary greatly in their proficiency levels.
- Parents and students have more control in class (technique) choices
- With 10 techniques, a preset schedule may not allow for the different combination of classes your child may choose. **YOU MAKE YOUR CHOICES; WE MAKE IT WORK!**
- We have been told that other studios that preset their schedules often end up changing students' dance days/times before or after classes start.
- Some studios only offer 2 levels for your student to be placed in. However, we are able to provide more levels per age group. For example, last year we were able to offer four levels of classes for 11th graders.

REGISTRATION FEE

\$35.00 PER FAMILY – Covers initial set up costs and **INSURANCE PER FAMILY FOR ONE YEAR**. This is due with your registration form and September tuition. Registration fee and Tuition are **NON-REFUNDABLE UNLESS WE ARE UNABLE** to accommodate your written conflicts.

TUITION

- For your benefit we've divided your children's tuition into **9 EQUAL MONTHLY payments** - September-May.
 - Tuition should be figured for each child individually.
 - A late fee of \$15 is charged for payments not in by the 8th of each month
 - \$30 fee charged for returned checks
 - Boys dance at half the cost for their first year!

Tuition calculations – Calculate each child separately, then add the dollar amounts together. i.e. One child dances 3 hours at \$102 and one dances 1 ½ hours at \$67, the total is \$169.
